EDUCATION

E4S – EPFL, IMD, HEC/UNIL <i>Master of Science in Sustainability Management & Technology</i>	Lausanne, Switzerland Sep. 2025 – Sep. 2027
UC Berkeley <i>University of California Education Abroad Program [UCEAP]</i>	Berkeley, USA Aug. 2024 - May 2025
University of Geneva, Geneva School of Economics & Management <i>Bachelor of Science in Economics and Management with a concentration in Economics</i>	Geneva, Switzerland Sep. 2022 - June 2025

ACADEMIC PROJECTS

SBB/CFF (Swiss Federal Railways) Autonomous Mobility Ecosystem Design	EPFL
Developing strategic governance frameworks and stakeholder ecosystem designs for the iamo Level 4 automated public transport pilot, focusing on regulatory alignment and on-demand transit integration.	
Comparative Life Cycle Assessment of Vegetarian vs. Non-Vegetarian Campus Meals	EPFL
Modeled cradle-to-grave footprints (EF 3.1) for 12 campus menus, identifying key life-cycle hotspots and demonstrating that targeted protein substitution can reduce climate impact per nutritional unit by up to 82%.	
Can Drone-as-a-Service Improve Last-Mile Food Delivery in Alpine Terrain?	EPFL
Modeled a hybrid bike-and-drone food-delivery network and reduced projected unit costs by 21% through peak-hour operations and Capacitated Vehicle Routing Problem-based route consolidation under energy, payload, and fleet constraints.	
Environmental Mitigation Framework	E4S
Developing a site-specific mitigation framework for Sika manufacturing sites in high water-stressed and biodiversity-sensitive areas by translating environmental risks, operational exposure, and local context into actionable mitigation recommendations.	
Impact Fund: TechAir Venture	EPFL
Designed a simulated impact fund targeting early-stage decarbonization deeptech by developing its investment thesis, portfolio strategy, fund economics, due-diligence process, and LCA-based impact measurement framework.	
Empirical Reasearch: How Does Skilled Emigration Affect Tunisia’s Economic Growth?	UC Berkeley
Estimated the relationship between Tunisia’s brain drain and subsequent GDP growth using OLS regression in R, and tested the robustness of the findings using ARIMA and ARDL models.	

PROFESSIONAL EXPERIENCE

University Hospital of Geneva, Clinical Research Center – Administrative Assistant	Geneva, Switzerland June 2026
- Improved the handling of returned correspondence by sorting incoming mail, discarding obsolete materials, and recovering brochures and documents for reuse. - Supported clinical and research workflows by designing a visual procedure reminder for nursing staff using Canva, coordinating professor review requests for research proposals, and refining presentation materials.	
Satiscan Sàrl – Survey Administrator at the Museum of Art & History	Geneva, Switzerland June 2025 – Jan 2026
Ensured consistent visitor-experience data collection across diverse audiences by directly interviewing visitors using standardized satisfaction surveys and following the methodology.	
Association des Répétitoires Ajeta [ARA] – Private Tutor	Geneva, Switzerland March 2021 – June 2024
Supported mathematics learning from elementary to high-school level through tailored one-to-one tutoring, including providing continued academic support to an out-of-school student.	
University Hospital of Geneva, Intensive Care Unit – Reception Clerk	Geneva, Switzerland June – July 2023
Ensured smooth and protocol-compliant visitor and phone coordination by welcoming patients’ relatives, coordinating with medical teams to manage visits and information flow, and routing calls to the correct staff.	
UNICEF Communication Department – Observation Internship with Spokesperson	Geneva, Switzerland December 2017
Developed first-hand understanding of institutional communication and media relations within an international organization by observing the spokesperson’s work, participating in communication activities, and attending press conferences.	

CERTIFICATES

University of Geneva – SDG Summer School: Planetary Health	Geneva, Switzerland Summer 2025
Placed 2nd in the SDG Summer School by designing and prototyping an AI-powered app for a WHO challenge on youth-led osteoporosis prevention in underserved communities, integrating culturally adapted nutrition, personalized exercise plans, and gamified engagement.	
International House at UC Berkeley – Global Leadership Program	Berkeley, USA Jan. 2025 – May 2025
Strengthened cross-cultural leadership skills over a 5-month program by completing training in cultural intelligence, intercultural communication, inclusive leadership, and global collaboration.	

TECHNICAL SKILLS & TOOLS

Technical: Python, R, SQL, STATA, Scala, Package Microsoft (Excel, Word, PowerPoint), Google Suite (Colab, Doc, Drive, etc.), Canva, LaTeX, Github, Streamlit.
Artificial Intelligence Tools: LLMs (GPT-5.6, Claude, Perplexity, Gemini)
Languages: French (Native), Arabic (Bilingual), English (Fluent, IELTS & Duolingo English Test), German (Intermediate)
