EDUCATION

E4S – EPFL, IMD, HEC/UNIL <i>Master of Science in Sustainability Management & Technology</i>	Lausanne, Switzerland Sep. 2025 – Sep. 2027
UC Berkeley <i>University of California Education Abroad Program [UCEAP]</i>	Berkeley, USA Aug. 2024 - May 2025
University of Geneva, Geneva School of Economics & Management <i>Bachelor of Science in Economics and Management with a concentration in Economics</i>	Geneva, Switzerland Sep. 2022 - June 2025

ACADEMIC PROJECTS

SBB/CFF (Swiss Federal Railways) Autonomous Mobility Ecosystem Design Developing strategic governance frameworks and stakeholder ecosystem designs for the iamo Level 4 automated public transport pilot, focusing on regulatory alignment and on-demand transit integration.	EPFL
Comparative Life Cycle Assessment of Vegetarian vs. Non-Vegetarian Campus Meals Modeled cradle-to-grave footprints (EF 3.1) for 12 campus menus, identifying key life-cycle hotspots and demonstrating that targeted protein substitution can reduce climate impact per nutritional unit by up to 82%.	EPFL
Can Drone-as-a-Service Improve Last-Mile Food Delivery in Alpine Terrain? Modeled a hybrid bike-and-drone food-delivery network and reduced projected unit costs by 21% through peak-hour operations and Capacitated Vehicle Routing Problem-based route consolidation under energy, payload, and fleet constraints.	EPFL
Environmental Mitigation Framework Developing a site-specific mitigation framework for Sika manufacturing sites in high water-stressed and biodiversity-sensitive areas by translating environmental risks, operational exposure, and local context into actionable mitigation recommendations.	E4S
Impact Fund: TechAir Venture Designed a simulated impact fund targeting early-stage decarbonization deeptech by developing its investment thesis, portfolio strategy, fund economics, due-diligence process, and LCA-based impact measurement framework.	EPFL
Empirical Reasearch: How Does Skilled Emigration Affect Tunisia’s Economic Growth? Estimated the relationship between Tunisia’s brain drain and subsequent GDP growth using OLS regression in R, and tested the robustness of the findings using ARIMA and ARDL models.	UC Berkeley

PROFESSIONAL EXPERIENCE

University Hospital of Geneva, Clinical Research Center – Administrative Assistant • Improved the handling of returned correspondence by sorting incoming mail, discarding obsolete materials, and recovering brochures and documents for reuse. • Supported clinical and research workflows by designing a visual procedure reminder for nursing staff using Canva, coordinating professor review requests for research proposals, and refining presentation materials.	Geneva, Switzerland June 2026
Satiscan Sàrl – Survey Administrator at the Museum of Art & History • Ensured consistent visitor-experience data collection across diverse audiences by directly interviewing visitors using standardized satisfaction surveys and following the methodology.	Geneva, Switzerland June 2025 – Jan 2026
Association des Répétitoires Ajeta [ARA] – Private Tutor • Supported mathematics learning from elementary to high-school level through tailored one-to-one tutoring, including providing continued academic support to an out-of-school student.	Geneva, Switzerland March 2021 – June 2024
University Hospital of Geneva, Intensive Care Unit – Reception Clerk • Ensured smooth and protocol-compliant visitor and phone coordination by welcoming patients’ relatives, coordinating with medical teams to manage visits and information flow, and routing calls to the correct staff.	Geneva, Switzerland June – July 2023
UNICEF Communication Department – Observation Internship with Spokesperson • Developed first-hand understanding of institutional communication and media relations within an international organization by observing the spokesperson’s work, participating in communication activities, and attending press conferences.	Geneva, Switzerland December 2017

CERTIFICATES

University of Geneva – SDG Summer School: Planetary Health • Placed 2nd in the SDG Summer School by designing and prototyping an AI-powered app for a WHO challenge on youth-led osteoporosis prevention in underserved communities, integrating culturally adapted nutrition, personalized exercise plans, and gamified engagement.	Geneva, Switzerland Summer 2025
International House at UC Berkeley – Global Leadership Program • Strengthened cross-cultural leadership skills over a 5-month program by completing training in cultural intelligence, intercultural communication, inclusive leadership, and global collaboration.	Berkeley, USA Jan. 2025 – May 2025

TECHNICAL SKILLS & TOOLS

Technical: Python, R, SQL, STATA, Scala, Package Microsoft (Excel, Word, PowerPoint), Google Suite (Colab, Doc, Drive, etc.), Canva, LaTeX, Github, Streamlit.	
Artificial Intelligence Tools: LLMs (GPT-5.6, Claude, Perplexity, Gemini)	
Languages: French (Native), Arabic (Bilingual), English (Fluent, IELTS & Duolingo English Test), German (Intermediate)
